

Aspiring Traders

WEXTRADE
FINANCIAL

*Join the program designed to help
you build your foundation
for financial success*

Regardless of your current occupation, education or experience, WexTrade Financial breaks down the barriers to entry into the exciting and prestigious world of trading.

The average professional trader makes a great living in a full time day to day endeavour. Committed and experienced professional traders can take trading to the next level of success which can lead to unlimited upside potential.

Unlike other trading programs, WexTrade Financial is not a seminar or series of classes. Our program is strategically designed to teach you to become a professional trader, so by the time you graduate, you will have the background necessary to pursue a career in the trading industry.

Our time-tested methodologies, which have been used successfully by our experienced traders for more than 20 years, will provide you with a foundation to be successful in different market environments.

WexTrade Financial offers a comprehensive nine-month curriculum with hands-on classroom instruction by professional traders that teaches you everything you need to know about trading, while you experience real-time trading with real money. Our disciplined formula incorporates unique systems and methodologies for risk management and risk mitigation to ensure your long-term

success. Flexible class schedules are offered daytime and in the evenings so you can continue with your daily routine as you learn to become a trader.

In addition to hands-on instruction and flexible evening schedules, WexTrade Financial also offers access to professional trading mentors who are already trading successfully, as well as access to job placement services and financial support programs. WexTrade Financial even offers special financial incentive programs for military veterans.

Depending on your progress, you could also be offered the unique opportunity for potential employment with WexTrade Financial or the opportunity to become an approved trader for WexTrust Capital's Diver-

sified Investment Funds. Depending on performance, you could potentially be considered for a trading position.

If you have discipline to learn and a can-do attitude, you could become a trader. Please contact our Director of Admissions at (312) 881-6200 or toll free at 877-4-WEX-TRADE (877-493-9872). Or send an email to: admission@wextrade.com.

About WexTrade Financial

WexTrade Financial, a subsidiary of WexTrust Capital, LLC, is a professional trading organization that offers a variety of trading services and programs for professional traders, aspiring traders and military veterans. We also offer sponsorship programs for those who are interested in providing financial support for students or investment opportunities that will ultimately benefit our graduate traders through funds managed and traded by the firm.

Our dynamic learning environment goes beyond what's typically only available to employees of Wall Street's largest investment banks. We offer hands-on instruction and mentoring from experienced traders, the most extensive curriculum, a proprietary trading platform, risk mitigation tools, and a trading floor with latest cutting-edge technology.

Located in the heart of Chicago's Loop at 333 W. Wacker Drive, WexTrade Financial's trading floor and offices are among the most technologically advanced. Our staff and team of instructors are among the most knowledgeable in the financial industry and their collective experience in the field of trading instruction is unparalleled.

Whether you're looking to start a new career, increase your earning power, expand your knowledge or improve your trading performance, WexTrade Financial can put you on the path to *Success*.
